

CarbonExpo

AUSTRALASIA 2012

Minimising the costs & realising the benefits of carbon pricing in Australian businesses

In 2012, Australia's premier carbon reduction trade fair & conference is back again

Now in its 5th year, Carbon Expo Australasia has brought together 3,400+ delegates & 280+ exhibitors from over 34 countries!

Do you need to **reduce your carbon price exposure?**

Do you wish to **meet suppliers & sellers** of carbon market services and products?

Do you need to know how an Australian carbon price will **affect or benefit your business?**

Do you want to know how to finance your **carbon projects** & who can help?

Do you wish to **take advantage of opportunities** in Australia's carbon business sector?

Carbon Expo Australasia 2012 will feature a high level conference, major trade fair and in-depth technical workshops that draw on the skills and knowledge of experts actively participating in global emissions reduction initiatives and carbon markets.

The trade fair is Australasia's premier showcase of carbon reduction initiatives and carbon market products & services from across Australia and the Asia-Pacific.
